Section 1 - Introduction

This directory provides a list of PruittHealth Premier's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage(EOC).

You will have to choose one of our network providers in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care coverage from your PCP. Your PCP works in collaboration with your PruittHealth Premier Nurse Practitioner to assure you receive seamless, patient-centered care.

The network providers listed in this directory have agreed to provide you with health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. To obtain a referral, please contact your PCP or Nurse Practitioner.

For a complete listing of services that require prior authorization, or a referral, please refer to the Member Resources section of the PruittHealth Premier website at PruittHealthPremier.com or call our Member Services Department at 1-855-855-0759 (TTY 711).

About the PruittHealth Premier Provider Network

Our network providers are the doctors, health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with PruittHealth Premier to accept our payment and your cost-sharing amount as payment in full.

We have arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for the care they provide to you. When you see a network provider, you pay only your share of the cost for their services. **You should use network providers for all your services.**

Out-of-Network Providers

Only in limited cases, may you receive covered services from out-of-network providers. These cases include:

- A medical emergency – go to the closest available provider
- Urgently needed services – go to any qualified provider when out of the Plan's service area, or when network providers are unavailable
- Renal dialysis that you receive when you are outside the Plan's service area
- Services that have been approved in advance by PruittHealth Premier, and
- Any services which were covered through the appeals process

You should always see a network provider unless one of the limited cases mentioned above applies. If you choose to receive services from an out-of-network provider, they must request prior approval from PruittHealth Premier unless it is an emergency to an acute care hospital.

If you receive a bill from an out-of-network provider, you should not pay the bill, unless you have received an Explanation of Benefits (EOB) that details what the plan will pay for your service, and any remaining balance you will need to pay. If you receive a bill from an out of network provider, but have not yet received an EOB, please submit the bill to PruittHealth Premier or ask the provider to submit the bill to PruittHealth Premier for you. The out-of-network provider may also bill you for any remaining balance not paid by PruittHealth Premier.

If you have already paid for the covered services, PruittHealth Premier will reimburse you for our share of the cost (if prior approval was obtained). If you have any questions, visit our "how to file an appeal" section of our website located at https://pruitthealthpremier.com/for-members/exceptions-and-appeals/ or call our Member Services Department at 1-855-855-0759 (TTY 711).

Payment for services is contingent upon:

1. The services you received are included in PruittHealth Premier benefits as outlined in the Evidence of Coverage (EOC) that can be found on the plan website.
2. The provider, or medical facility, you received services from is eligible for payment from PruittHealth Premier.
3. The service(s) meet requirements for medical necessity.
4. An authorization or referral was obtained.

   Note: Temporary out-of-network dialysis services when you are out of the service area, medical emergencies, and urgently needed medical services do not require notification or preauthorization for payment.

You must use plan providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor PruittHealth Premier will be responsible for the costs.

What is the service area for PruittHealth Premier?

The counties in our service area are listed below:

How do you find PruittHealth Premier providers that serve your area?

The pages that follow contain several listings of providers. There are separate listings of PCPs, specialty physicians, hospitals, and other providers. The lists are organized by specialty, state, county, city, and zip code. Within each zip code, the providers are listed alphabetically. To find a provider, locate the specialty, state, county, city, and zip code you are interested in, and then view the providers in alphabetical order.

If you have questions about PruittHealth Premier, or require assistance in selecting a PCP, please call our Member Service Department at **1-855-855-0759 (TTY 711)**, TTY users should call 711, or visit **PruittHealthPremier.com**.

PruittHealth Premier is an HMO I-SNP with a Medicare contract. Enrollment in PruittHealth Premier depends on contract renewal.
